BEEF UP YOUR PERFORMANCE!!

DURAMAX, ESCALADE, AVALANCHE, SILVERADO, TAHOE, HUMMER

BRAND NEW HIGH OUTPUT DELCO DR44G Series 200 Amp ALTERNATOR

Supplied with a smaller billet overdrive pulley. This smaller diameter pulley will allow a much greater output at engine idle speed.

*With the newest **High Amp Alternator** technology available, our 8292HD200 and 8302HD200 alternator has proven high performance and reliability in the most demanding applications. This alternator is a direct fit for many Chevy and GM Truck, Van, SUV applications from 1999-2008. This alternator is constructed using the best high output components available on an OE platform. It produces more power at lower engine speeds compared to any of the smaller alternators. This is an excellent option for all your stereo, lighting and high amp demands.*

*For safety and improved performance we recommend installing our fused 4 gauge 250A. Fuse block Wiring kit to allow a maximum current flow to your battery. **Kit Part# 79-250A***

(8292HD-200)
